- Fast-Acting Digestive Enzyme Blend
- Relieves Occasional Indigestion & Heartburn*
- Enhances Digestion & Nutrient Absorption*
- Helps Soothe & Nourish the Intestinal Tract*
- Betaine HCl, Plant-Sourced Enzymes & Herbs*
- No Binders or Fillers

Stop Indigestion Before it Starts

Occasional indigestion may be the result of several factors, including a lack of hydrochloric acid (HCl), also known as low stomach acid. Natural supplementation with HCl, along with plant-derived enzymes and soothing herbs may help relieve occasional indigestion, heartburn and sour stomach.*

IndigestionSTOP is made with natural plant-derived enzymes and HCl to help break down a wide variety of foods and enhance nutrient absorption. Added herbal ingredients help soothe and nourish the intestinal tract.*

IndigestionSTOP includes:

Betaine Hydrochloride: HCl plays a crucial role in protein digestion. When HCl levels are deficient, protein may not be broken down properly and indigestion may occur.

IndigestionSTOP was formulated by Brenda Watson, C.N.C., president of ReNew Life Formulas and the founder of natural healthcare clinics specializing in digestive care.

Protease, Amylase, Lipase and Cellulase: Powerful plant-sourced enzymes help digest proteins, carbohydrates, fats and vegetable fiber by breaking them into smaller particles more easily absorbed by the body.*

Ginger and Gentian: Natural herbal ingredients that help stimulate the digestive process by initiating the flow of digestive fluids.* Together they help ease feelings of nausea and sour stomach and may also help prevent occasional gas and bloating.*

Meadowsweet and Peppermint: Meadowsweet has natural antacid properties shown to soothe and protect the lining of the digestive tract.* Peppermint aids in digestion by helping to calm the stomach and prevent occasional nausea and heartburn.*

ReNew Life uses an exclusive *SmartZYME* blend of enzymes that represent multiple strains blended to increase the potency of the enzymes over a broader pH range. These enzymes are more broadly effective in the human digestive system.

Supplement Facts

Serving Size: 2 Capsules

	Amount per Serving	%DV**
Betaine HCl	440 mg	***
INDIGESTION STOP Blend	423 mg	
Digestive Blend		
<i>Digestive Enzyme</i>
