- Improves digestion and nutrient absorption*
- Relieves occasional gas, bloating & indigestion*
- Helps boost immunity and supports overall wellness*
- Supports heart, brain, eye and joint health
- Promotes bowel regularity*
- Helps eliminate toxins*

The Importance of a Healthy Digestive System

Nearly 70 percent of the body's immune defenses are located in the intestines, which is why establishing and maintaining a healthy digestive system is essential for overall wellness.

Daily Digestive Health Pak™ combines four power-packed nutritional supplements formulated to work together synergistically to promote optimum digestion and total-body health.* Perfect for taking on the go, the convenient all-in-one packets are individually sealed for convenience, freshness and moisture protection. Each one features the four components of Brenda Watson's H.O.P.E. Formula:

High Fiber. A daily fiber formula with a natural balance of organic acacia and oat fiber. In addition to its role in bowel regularity, fiber has been shown to support healthy cardiovascular function, promote healthy weight management and help eliminate toxins from the body.*

Omega-3. A blend of Omega-3 EPA and DHA from fish oil, with enteric-coated fish gel caps and added lipase for 3X more absorption, better digestion and less burping.* Fish oils help nourish the intestinal tract and encourage regular, healthy bowel movements, as well as reduce inflammation and promote healthy brain, heart, nervous system and immune function.*

Probiotics. An effective probiotic formula with 2 billion shelf-stable active cultures. Multiple strains of Bifidobacteria and Lactobacilli promote healthy digestive and immune function and help maintain a healthy balance of intestinal flora.*

Enzymes. A natural digestive enzyme formula with herbs and amino acids for added digestive support.* Because today's diet of cooked and processed foods depletes the body of the natural enzymes found in raw foods, the multi-strain plant-sourced enzyme blend helps break down a variety of foods, enhance nutrient absorption and relieve gas and bloating.*

Daily DIGESTIVE HEALTH PAK™

High Fiber

Supplement Facts

Serving Size: 3 Capsules Servings per Packet: 1
Servings per Container: 30

	Amount per Serving	%DV**
Calories	9
