Organic Essential Detox™ combines organic herbs with potent antioxidants and nutrients to help restore energy, assist with natural detoxification, improve bowel regularity, and promote overall well being.* The convenient liquid formula works deep within the body to draw out waste and toxins.*

The Importance of Daily Detoxification

Throughout history primitive cultures, including our Native American ancestors, recognized the health-promoting benefits of natural detoxification. They relied upon the healing power of nature to help cleanse and purify the body and enhance vitality, and many still observe those rituals today. Because a buildup of toxins in the body can lead to weight gain, fatigue, impaired digestion and poor health, regular internal detoxification is an essential part of achieving and maintaining a state of optimum wellness in our increasingly toxic modern world.

The ingredients in **Organic Essential Detox**, including 8 traditionally used Native American herbs, were chosen specifically to provide gentle daily support for the body's 7 channels of elimination—the liver, lungs, lymphatic system, kidneys, skin, blood and bowel (or colon).*

Immune Support: Astragalus, Burdock

Kidney & Liver Support:

Blessed Thistle, Burdock, Dandelion, Kelp, Milk Thistle, Sheep Sorrel

Digestive & Bowel Support:
