- Helps Improve Overall Liver Function*
- Nourishes & Protects Healthy Liver Cells*
- Effectively Supports Liver Detoxification*
- Powerful Daily Antioxidant Support*
- For Those with Managed Chronic Liver Conditions that May Benefit from Liver Rejuvenation Support
- No Binders or Fillers

Critical LIVER Support is a daily maximum-strength natural liver support formula. It is recommended for those with managed chronic liver conditions who may benefit from added protection against liver damage. Critical LIVER Support combines 80% silymarin milk thistle and amino acids with potent nutraceuticals to help protect, nourish and assist the liver in its role as the body's primary detoxification organ.*

Benefits of 80% Silymarin Milk Thistle

Silymarin is an antioxidant-rich flavonoid contained in milk thistle that helps protect the cells of the liver by strengthening cell walls and helping to block the entrance of harmful toxins.* Its powerful rejuvenating properties stimulate the growth of healthy liver cells and help restore healthy liver function.*

For optimal liver support, research suggests the use of at least 420 mg of silymarin per day. The unique milk thistle extract in Critical Liver Support contains 80% silymarin (480 mg).

N-acetyl Cysteine and Liver Health

The amino acid N-acetyl Cysteine (NAC) assists with the production of glutathione, a powerful antioxidant that supports the natural detoxification functions of the liver. The proprietary amino acid complex in Critical Liver Support combines NAC and six additional amino acids for comprehensive, deep liver support.*

Supplement Facts		
Serving Size: 3 Capsules	Servings per Container: 30	
	Amount per Serving	%DV**
