

FLORAMORE™

Advanced Probiotic with Added Digestive Support*

- 12 Billion Active Cultures
- 7 Probiotic Strains
- Supports Overall Digestive Health*
- Helps Enhance Immune Function*
- Promotes a Healthy Intestinal Lining*
- No Binders or Fillers

FloraMORE is a daily maintenance probiotic formula that can be used by anyone who wants to support optimum digestive health.*

FloraMORE features 7 strains of beneficial microflora. Bifidobacteria are the most prevalent friendly bacteria in the large intestine, or colon. Lactobacilli are the most predominant beneficial species in the small intestine.

Added Digestive Support

FloraMORE's added ingredients promote a balanced intestinal environment.* L-glutamine and N-acetyl D-glucosamine (NAG) nourish and support a healthy intestinal lining.* FOS promotes the growth of beneficial bacteria in the digestive tract.*

Full Spectrum Probiotic

FloraMORE is not enteric coated so that the health-promoting probiotics and amino acids can be active throughout the entire digestive system.

Capsules can be opened to enhance probiotic benefits to oral and esophageal health.

Available in 60ct and 120ct
