

ULTIMATE FLORA ADVANCED IMMUNITY™

Probiotics powered by EpiCor® and ResistAid™

- Powerful Seasonal Immune Support*
- Promotes Lung and Respiratory Health*
- Helps Strengthen Protective Intestinal Barrier*
- Potent Antioxidant Properties*
- Contains 10 Billion Cultures of Saccharomyces Boulardii
- No Fillers or Binders

Immune Health Begins in the Digestive Tract

Every day we are confronted with environmental factors that impact our resistance and overall health. With more than 70% of the body's immune defenses located in the digestive tract, maintaining a balanced intestinal environment is essential for boosting immunity and promoting optimal health.*

Ultimate Flora Advanced Immunity combines 3 powerful ingredients that work synergistically to promote a balanced immune system and enhance resistance during peak times throughout the year.*

- **S. boulardii Immunobiotic:** A beneficial probiotic yeast that works in the digestive tract to bind with harmful bacteria and help eliminate them through regular, healthy bowel movements.* S. boulardii stimulates the body's immune response and fortifies the protective barrier in the digestive tract.* It has also been shown to help relieve occasional diarrhea.*
- **EpiCor® Immunogen:** A natural derivative of S. cerevisiae (brewer's yeast) comprised of beta-glucan, mannan oligosaccharide (MOS) and other beneficial metabolites with immune-supporting vitamins, minerals, amino acids and potent antioxidants.* EpiCor helps boost resistance to seasonal health issues and supports optimum respiratory health.* It has also been shown to help the immune system cope with stress.*
- **ResistAid™ LAG:** A uniquely effective natural antioxidant. LAG contains arabinogalactan, the key component of the immune-enhancing herb Echinacea, which is found in a more bioactive form in ResistAid.* ResistAid helps to replenish beneficial intestinal bacteria and enhance immune cell production.*

Ultimate Flora Advanced Immunity was formulated by Brenda Watson, C.N.C., president of ReNew Life Formulas and the founder of natural healthcare clinics specializing in natural digestive care.
