

# ULTIMATE FLORA SUPER CRITICAL 200 BILLION™

**High-Bifido Maximum Support Probiotic  
for Critical Care Needs\***

- 7-day program
- Convenient, quick-dissolve powder packets
- 2,000mg Beneo™ P95 FOS helps nourish healthy flora\*
- Promotes healthy digestive and immune function\*

## Powerful Digestive and Immune Support

Ultimate Flora Super Critical 200 Billion™ is a 7-day maximum support program to help boost immunity and restore healthy digestive function.\* The high-potency, flavor-free powdered formula comes in convenient one-a-day packets and dissolves quickly in beverages and soft foods for faster-acting relief when you need it most.

One of the most powerful multi-strain probiotic formulas available today, Ultimate Flora Super Critical combines 102 billion Bifidobacteria and 98 billion Lactobacilli and Lactococcus cultures for complete digestive and immune support.\* It also includes 2,000mg of Beneo™ P95 FOS, a prebiotic that helps stimulate the growth of healthy intestinal bacteria to combat poor digestion and support healthy immune function.\*

### The Importance of Probiotics

Probiotics—meaning “for life”—are the beneficial bacteria in your intestines that help crowd out the harmful pathogens responsible for illness and disease.\* Because nearly 75% of your body’s immune defenses are located in your digestive tract, making sure you have the proper balance of intestinal bacteria is an essential part of achieving and maintaining overall health.\*

Clinical studies show that as we age, the number of healthy bacteria in our gut begins to decline. This is especially true for Bifidobacteria, the most prevalent good bacteria in the large intestine. (Lactobacilli are the most prevalent good bacteria in the small intestine.)

Ultimate Flora Super Critical 200 Billion was formulated by Brenda Watson, C.N.C., president of ReNew Life Formulas and the founder of five natural healthcare clinics specializing in internal cleansing and detoxification.

Ultimate Flora Super Critical 200 Billion™ provides maximum support for:

- **Improved Digestion**  
Multi-strain blend helps improve digestion and relieve occasional diarrhea, constipation and indigestion.\*
- **Healthy Detoxification**  
200 billion active cultures ensure a healthy balance of intestinal bacteria prior to and during internal cleansing.\*
- **Immune Function**  
Probiotics help boost immunity by crowding out harmful bacteria and supporting the growth of healthy flora.\*
- **Travelers’ Support**  
Grab-and-go packets help combat travelers’ tummy and boost immunity away from home.\*

## Supplement Facts

Serving Size: 1 Packet (3.3g)		Servings per Container: 7
