

Norwegian Gold Ultimate Fish Oils

Leading the way in advanced Omega-3 supplementation, **Norwegian Gold Ultimate Fish Oils** combine concentrated EPA, DHA and other powerful Omegas to promote optimum digestive function and enhance overall health.* Norwegian Gold once-daily oil formulas have earned a 5-star rating by the International Fish Oil Standards (IFOS) program, proving that they exceed or meet all U.S. and international standards for purity, potency and freshness.

The Norwegian Gold Difference

Optimum Digestibility

Enteric-coated gels deliver oils directly to the intestines for **3X better Omega-3 absorption** than non-coated oils and reduced fishy aftertaste or 'repeat'. Added plant lipase (a natural fat-splitting enzyme) helps the body digest and absorb the beneficial oils.

Once-Daily Dose

Ultra-concentrated Norwegian Gold oils make supplementation easy with convenient once-daily serving sizes.

Quality and Purity Guaranteed

Norwegian Gold oils are sustainably sourced from smaller, wild, cold-water fish that are naturally lower in environmental toxins such as mercury, PCBs, dioxins and pesticides.

Higher Potency

An exclusive multi-step refinement process ensures highly concentrated, ultra-purified Omega-3 levels with no *trans* fats.

Testing and Certification

International Fish Oil Standards (IFOS) top 5-star rating guarantees that Norwegian Gold exceeds all U.S. and international standards for purity, potency and freshness.

Unparalleled Freshness

Oxygen-free processing from formulation to bottling guarantees the absolute freshest oils available.

Advanced Packaging

Fresh-Assure blue glass bottles and dark-colored capsules help seal in freshness and shield the pristine oils from the harmful effects of light.

Fish-derived Softgels

Ideal for those who wish to avoid animal-based gelatin softgels.

60ct

Norwegian Gold First Omega

Formulated for first-time users, children and adults, this powerful fish oil formula combines the benefits of EPA, DHA and other Omega-3 and Omega-9 oils in a smaller, easy-to-swallow softgel with a refreshing natural orange flavor.

- Smaller, easy-to-swallow size
- Ultra-concentrated; over 85% total Omegas
- Natural orange flavor
- 3X better Omega-3 absorption†
- Lipase-enhanced digestion
- Enteric-coated targeted release for less burping
- Natural orange flavor and fish gelatin softgel

30ct

Norwegian Gold Every Omega 3•5•6•7•9

Full-spectrum Omega-3•5•6•7•9 blend that combines supercritical fish and sea buckthorn oils and cold-pressed chia, pomegranate and borage oils to promote optimal heart, mood, joint and digestive health.*

- 5 potent Omegas for 5X the Benefits
- 1,000mg total Omegas per gel
- Ultra-concentrated; over 80% total Omegas
- Enteric-coated for 3X better absorption† and less burping
- Lipase-enhanced digestion
- 1,000 IU Vitamin D3
- Natural orange flavor and fish gelatin softgel

OMEGA-3 from Fish & Chia Oils - EPA, DHA and ALA provide powerful support for the heart, brain and eyes, and beneficial properties to help with joint discomfort and swelling.*

OMEGA-5 from Pomegranate & Fish Oils - Plays a significant role in weight-related cardiovascular health and blood sugar balance. Potent phytonutrients may help ease symptoms of menopause.*

OMEGA-6 from Borage & Fish Oils - Known for hair and skin health benefits, and linked to improved mood and a healthy hormone balance. Its anti-inflammatory properties may help ease discomfort and occasional bloating.*

OMEGA-7 from Sea Buckthorn & Fish Oils - Tied to healthy weight loss and bowel regularity. Antioxidant and anti-aging properties to nourish healthy cells, especially in the digestive tract.*

OMEGA-9 from Borage & Fish Oils - Linked with a healthy cardiovascular system and cholesterol level. Supports improved immune function and healthy blood sugar.*

60ct

Norwegian Gold Critical DHA

Formulated for those who want additional support for the brain, eyes and nervous system, this ultra-concentrated Omega-3 DHA formula also contains beneficial EPA and other Omega-3 and Omega-9. Excellent for prenatal use*

- 500mg DHA per softgel (higher than most other DHA fish oils)
- Ultra-concentrated; over 80% total Omega concentration
- 3X better DHA absorption†
- Lipase-enhanced digestion
- Enteric-coated targeted release for less burping
- Natural orange flavor and fish gelatin softgel

† In vivo studies show 3X more Omega-3 absorption with enteric coating based on results measured in plasma phospholipids (PL), cholesteryl esters (CE) and triacylglycerols (TAG).

Norwegian Gold Ultimate Fish Oils were developed by Brenda Watson, C.N.C., president of ReNew Life Formulas and the founder of natural healthcare clinics specializing in natural digestive care.

Norwegian Gold Ultimate Fish Oils for Total-Body Health

"As a digestive care specialist and natural health practitioner, I am passionate about sharing with others the extraordinary healing power of Mother Nature. That passion is what inspired me to develop the Norwegian Gold line of ultra-concentrated Omega-3 fish oil formulas."

Essential to healthy digestion, Omega-3 helps nourish the cells in the intestinal tract and provide the lubrication necessary for regular, healthy bowel elimination. It has also been shown to significantly improve overall health by supporting the nervous system, brain, heart, eyes and joints.

Norwegian Gold once-daily fish oils have received a 5-star rating by the International Fish Oil Standards (IFOS) program, proving that they exceed or meet all U.S. and international standards for purity, potency and freshness, so all you receive are the superior natural benefits of the purest fish oils on earth. That's the Norwegian Gold promise."
