

BUDDY BEAR™ PRODUCTS

Digestive Care Chewables for Kids

Buddy Bear™ DHA Chewable DHA Supplement for Children

- Natural ingredients
- Essential fatty acid formula
- Promotes brain, nervous system and eye health*
- Delicious, natural Lemon Splash flavor

Buddy Bear™ DHA provides the nourishing benefits of docosahexaenoic acid (DHA). DHA is an Omega-3 essential fatty acid found in deep-sea, cold-water fish.

Throughout life and especially during the early years, DHA helps support the brain, eyes and nervous system.*

Because many kids are selective about what they eat—especially when it comes to fish—Buddy Bear™ DHA helps provide the Omega-3 fatty acids essential to overall health in a chewable lemon-flavored tablet that kids will love.

Buddy Bear™ DHA

Supplement Facts

	Amount Per Serving	Servings per container: 30
