

ULTIMATE FLORA VAGINAL SUPPORT FORMULA™ 50 BILLION

Critical care probiotic to support vaginal and urinary tract health*

- 50 billion live bacteria per capsule
- 45 billion Lactobacilli
- 5 billion Bifidobacteria
- Helps maintain a healthy balance of vaginal and urinary tract bacteria*
- Enteric-coated
- Vegetable capsules

Ultimate Flora Vaginal Support Formula is formulated to help maintain a healthy balance of vaginal and urinary tract bacteria.* Ultimate Flora Vaginal Support Formula contains 45 billion live Lactobacillus cultures and 5 billion live Bifidobacteria, mirroring the prevalence of Lactobacilli and the lesser numbers of Bifidobacteria in the vagina. The 9 strains in Ultimate Flora Vaginal Support Formula were chosen for their prevalence in the healthy vagina and urinary tract.

The urogenital tract (consisting of the urinary tract and vagina) is second only to the colon in the number of bacterial residents. The healthy vaginal flora consists primarily of the Lactobacillus species and a smaller amount of Bifidobacteria. The vaginal flora produces lactic acid.

Renew Life probiotic supplements contain no sugar. Each capsule is enteric-coated to ensure the delivery of the probiotics to the intestines.
