

Directions For Use Of ParaGONE **PLEASE READ CAREFULLY!**

ParaGONE is a dietary supplement and two-part intestinal cleansing system that contains vegetable capsules and a tincture (liquid). ParaGONE 1 capsules and ParaGONE 2 liquid contain natural ingredients used traditionally to support a healthy balance of intestinal microbes.*

ParaGONE 1 and ParaGONE 2 are to be taken together at the same time each day to support internal cleansing and healthy intestinal functions.* Take ParaGONE 1 and 2 three times daily with purified water, drink plenty of water to assist with swallowing. You may also mix the ParaGONE 2 tincture with a small amount of purified water.

For Best Results: Take both ParaGONE 1 and 2 on an empty stomach, at least 30 minutes before a meal. Whenever possible, take other dietary supplements at another time during the day.

Suggested Use: For the first 3 days, take 1 capsule of ParaGONE 1 and 7 drops of ParaGONE 2 three times daily. After three days, take 2 capsules of ParaGONE 1 and 1 dropper full of ParaGONE 2 three times daily (for the remaining 12 days). After this initial 15-day period, discontinue use of ParaGONE 1 and 2 for five days. Resume taking ParaGONE 1 and 2 for 15 days (for a total of 35 days). Be sure to drink plenty of purified water during the cleanse (8 glasses per day are recommended). The complete ParaGONE program may be repeated for up to 3 consecutive months.

Other Suggestions: Taking a daily fiber supplement such as ReNew Life's FiberSMART may help optimize the detoxifying effects of ParaGONE. A digestive enzyme with hydrochloric acid, such as ParaZYME and a beneficial probiotic such as Ultimate Flora Critical Care 50 Billion may also be beneficial (play a significant role.)*

KEEP OUT OF REACH OF CHILDREN.

WARNING: Do not use this product if you are pregnant or nursing. Consult your physician before using this or any product if you are trying to conceive, have frequent diarrhea, are taking medication or have a medical condition. Not for prolonged use. Do not exceed recommended dose. **Notice:** This product contains cape aloe. Discontinue use if abdominal pain, nausea or vomiting occur, unless directed by your physician. **DO NOT USE IF YOU HAVE OR DEVELOP ABDOMINAL PAIN, DIARRHEA OR LOOSE STOOLS.** Read and follow directions carefully.

Frequently Asked Questions:

Q. How long can I stay on the cleanse?

A. The complete ParaGONE program may be repeated for up to 3 consecutive months.

Q. Do I need to stay on the diet during the 5-day rest period?

A. Diet changes (below) are suggestions only. Your situation and diet needs may vary. By following these general cleansing diet suggestions during the cleanse, you may achieve improved results.

Q. Can I take medications while I cleanse?

A. ParaGONE is a dietary supplement, not a medication. If taking medications we recommend that you consult your health care provider before taking ParaGONE. When in doubt, do not take this cleanse if taking medications.

Q. How long after taking ParaGONE should I wait to eat?

A. Wait at least 30 minutes before eating, or take it at least 3 hours after a meal.

Q. What do I do if I experience nausea, headache, or diarrhea?

A. Some people experience mild physical reactions due to dietary changes. If reactions occur, reduce the dosage by half or discontinue use. If reactions persist, discontinue use and consult a physician.

Diet Suggestions: Foods to Enjoy

- 8 to 10 glasses of purified water per day
- Fresh vegetables
- Green vegetable juices (try adding a Granny Smith apple to the juice for flavor)
- All fish except shellfish
- Free-range or organic chicken and turkey, eggs

- Lemons, limes, fresh cranberries, Granny Smith apples
- Well-cooked grains: brown or wild rice, millet, buckwheat, amaranth, quinoa, spelt, teff
- Pasta made from any of the above recommended grains
- Beans and lentils
- Raw fermented foods
- Essential fatty acids such as from flax oil and olive oil
- Plain, unsweetened yogurt
- Unsweetened soy, rice or almond milk
- Raw almonds and seeds, raw almond butter
- Herbal teas such as chamomile or peppermint
- Natural sweeteners such as stevia
